Mirna Memorial Higher Secondary School
|2014 – 2015

PROJECT

Manual / Automation Testing – E-commerce

- Designed and developed a comprehensive automation testing framework using Selenium WebDriver and Java.
- Implemented test scripts for various website functionalities, covering user registration, product browsing, shopping cart management, and checkout processes.
- Reduced manual testing time by 30% and increased test coverage by 25%, enhancing overall testing efficiency and software quality.
- Maintained the test framework, ensuring compatibility with website updates and incorporating new test cases as required.

CERTIFICATION

- Completed certification in “Automation testing in Selenium with Java” at Greens Tech .
|2022- Present
